Greater Houston Rowing Club

20^{years}
in a
ROW

MaRS announcement!

THIS SATURDAY, August 9th
After group row (9:00am-ish)

Curious about how to rig boats properly? We will have a rigging training session (to include a video and handouts) as well as a MaRS hands-on rigging session of the quad and a four (as time allows). Expect instructions and rigging to last 1 hour, as is typical with MaRS events.

Club member Paul MacPherson will be leading the session.

See you on the water.

Your Commodore,
Kerry Whitehead
